Specification sheet:

# Piccolo & Piccolo Premium Stairways:

The Piccolo & Piccolo Premium are manufactured from a high strength die cast aluminium alloy, with the Piccolo Premium attached to a laminated wood backboard for fitting to a vertical surface. The standard tread width is 280mm (80mm deep) though a 300mm width is available as a special order. The Piccolo Premium is supplied with two springs to ensure that it can be raised and lowered with a minimum of effort. The unit is manufactured to EN14975 and has a load bearing per tread of 150kg.

The Piccolo Premium can also be supplied with a factory fitted accessory hinge, which will allow the unit to operate from vertical openings and mezzanine floors.

Please see our website or request a brochure for full product details.
